

**Are you looking for a hands-on career opportunity supporting local farms and farm families in your community to expand their participation in the Agri-Food Value Chain?**

**Haggerty Creek Ltd.** has an opportunity for a motivated **agriculture innovation lead** to join our team in Bothwell. As the **agriculture innovation lead**, you will have the opportunity to develop and demonstrate your capability to deliver agriculture innovation and services in our communities to enhance our farm owner profitability. We strive to be there for our customers when others are not, and that there is always a solution to our customers' needs.

**What will you be responsible for:**

- Lead the implementation and use of various precision and digital agriculture technologies.
- Provide an exceptional customer experience at every interaction.
- Ability to support precision planning including GIS mapping, soil sampling, and interpreting the GIS data for customers.
- Familiar with farming precision systems such as auto guidance, rate controllers and their functions
- Provide recommendations and solutions to meet our customers needs with a focus on the Whole Farm Plan, from precision planning and application to grain handling and marketing.
- Promote, sell, service precision ag equipment.
- Operate and repair autonomous machinery, as well as aiding in the development of various autonomous technologies.
- Knowledge of drones, remote viewing, and networking technologies would be an asset.
- Understanding and supporting overall branch operation, administrative functions, as well as the branch and individual sales targets.
- Accept orders for products and services and initiate any actions required to effect timely delivery.
- Ensure all products ordered or shipped are properly invoiced prior to leaving the site.
- Assist in monitoring inventory levels and ensure adequate supplies are on hand to support customer purchasing. In consultation with the manager, complete inventory counts and replace inventory as required.
- Assist in the coordination and scheduling of available custom equipment to result in maximum utilization and quality customer service.
- Maintains a clean and attractive environment in the retail area.
- Awareness of sustainability issues such as 4R Stewardship, Class 12 Pesticide rules.
- Extended hours, as required, during the busy season.

**Requirements for this Job:**

- Requires a University or college degree or equivalent years of experience preferably in Agriculture, or Agri-Business
- Preference given to individuals with GIS Certification and work experience.
- Knowledge of agronomy, fertilizer, chemical, seed and grain marketing.
- High level computer skills, including networking, and a knowledge of spreadsheets and data interpretation
- Obtain Pesticide end/or and Professional Applicator designations.
- Working outside on soil sampling, custom application equipment, field scouting, the ability to lift 25lbs, and work, at times, in adverse weather conditions such as dust, noise, direct sunlight, rain.
- Maintain a Valid Drivers License.
- Travel as required to support Farm Owner and Branch needs.

If you are interested in furthering your Career in Agriculture as part of an industry leader, developing innovative solutions and enhancing the profitability of our members, we want to meet with you!

#### **About Haggerty Creek Ltd.**

**Haggerty Creek Ltd.** was founded as a joint venture in April of 2001 by Chuck and Justin Baresich, with AGRIS Co-operative to better service the four counties area. Our farming background is strong and rooted in the community. We sell and recommend the same products we use on our own farms.

Our primary customer base is located between Alvinston, Rodney, Newbury and Rutherford. The four counties area comprises of Dawn-Euphemia Township, (Lambton County), Zone Township (Kent County), Mosa Township (Middlesex County), and Aldborough Township (Elgin County), extending into parts of Brooke, Enniskillen, and Orford Townships (Essentially all the lands that are drained into the “Haggerty Creek”, hence our name.)

The market area primarily consists of a mixture of cash crop farms ranging from very small to very large. We also service specialty customers with vegetables, tobacco, nursery amongst other crops.

Please forward your resume in confidence by November 6, 2020 to:
